We all know that Virtual Exchange/COIL (Collaborative Online International Learning) is a good opportunity to further internationalise our institutions. Within Aurora, we believe that there is still room for development. In this regard, the Universitat Rovira i Virgili would like to invite you all to a first Aurora COIL Virtual Partnering Fair.

For academics looking for new COIL teaching partners, you are invited to fill in [this form](#) before the 10th of February so your information can be featured in the upcoming Aurora COIL Partnering Bulletin.

The Fair is open to all academics, including all teaching staff members.
