Student Schemes: Workshops

**Workshop & Training Series
for Aurora Student Ambassadors & Champions
2022–2023 Academic Year**

As a student ambassador or champion, you will have the opportunity to participate in a series of workshops, focused on your personal and professional development.

These workshops, which can take place online, in-person or in a hybrid form, will help you develop intercultural skills, learn more about social media content creation, and what you can do to make your university more sustainable.

Participating in the workshops will count towards the number of hours you need to receive the Aurora Student Champion certificate.

Take a look at the concept program to see which of these workshops you want to take! More detailed information on the exact date, time and location of these events will be shared soon.
